Where we deliver

Coast	Terminals and areas
Pacific	Balboa — APM Terminals Balboa, PSA Panama, PATSA, Amador cruise port · Balboa anchorage
Atlantic	Cristóbal (APM Terminals), Manzanillo International Terminal (MIT), Colón Container Terminal (CCT), Colón 2000 cruise port · Cristóbal anchorage

Delivery modes

- Tanker truck with direct pumping
- IBCs, with empty IBC collection on request
- Barge alongside — at berth or at anchorage, including vessels waiting for the Canal transit

Send this with your RFQ

- Vessel name and IMO number
- Port or terminal, ETA, berth or anchorage
- Product and quantity in litres
- Delivery mode; empty IBCs to collect
- Flange details: OD, ID, PCD, holes
- Ship agent contact
- Your COA template and IBC labels, if any

Documents with every delivery

- Delivery note signed and stamped by the vessel
- Certificate of analysis (COA), in your format when required
- Your IBC labels applied when supplied
- Invoice referenced to your PO and vessel

Your order, your customer

We deliver under your purchase order and documentation. Orders you place with us remain your business.
